

Fusion of Plant Extracts & Honey

Plant Extracts & Honey—Made for each other
 Our “Honey Teas” are formulated with pure, clean ingredients, using the Supercritical fluid extraction (CO₂ extraction) technologies and our proprietary AMP process. Without using the harsh solvents or alcohol we capture the whole plant essence, which contains the true fresh flavors, essential oils and natural phyto-nutrients, Antioxidants. You can enjoy “Honey Tea” anytime without heating or brewing.

New Paradigm

- **Very Long Shelf Life; Possibly Decades**
- **Encapsulated in Honey; Nature’s Best Natural Preservative**
- **Unlike Cut Herbs or Tea Bags, The Flavors WILL NOT Evaporate Over Time**
- **Consistency Of Flavor**
- **Natural Phyto-Nutrients & Medicinal Compounds Remain Intact & Consistent**
- **Ready For Instant Use; No Heating Or Brewing**
- **A powerful balancing formula**
