

Breath taking oral hygiene!

Shine is an all-natural toothpaste alternative consisting of a proprietary blend of grape seed, spearmint, peppermint, clove, and cinnamon oils. Shine is designed to cleanse the teeth and supply nutrients to the gums. Peppermint and Spearmint are known for their freshening and cleansing, now add clove and cinnamon which have been in dentistry for their known antiseptic and antibacterial properties.

Why ever use toothpaste again? Just a few drops on your toothbrush will make you a believer.
